

Membership in ESA –AI

1. Any structural subdivision of BSUIR can become a member of ESA –AI, another HEI or scientific organization, as well as any organization (including foreign), whose activities are related to the development and implementation of intelligent computer systems.

2. Inclusion in the structure of ESA –AI and exit from it is carried out by decision of the Organizing Committee of ESA –AI on the basis of the relevant statements. For external organizations, the decision to be included in the ESA –AI is carried out taking into account the agreements on cooperation between these organizations and BSUIR.
